We, Woodhaven Golf Villas Homeowners Association, support the zoning change in zoning case ZC-24-147.

Woodhaven Golf Villas Homeowners Association is comprised of 22 homes on Putter Dr. We are home to many residents which have been in the Woodhaven community for decades and have seen the neighborhood change over the years. While some residents are still apprehensive to changes and proposed plans, the HOA has voted in support of the zoning change.

We acknowledge the zoning change may have very different impacts on individual residents of our street, however we are hopeful that the zoning change will be positive overall and create growth and change for the greater good of the community that we are so passionate about.

Thank you for the care and consideration for the community you have taken on this zoning application.

Kayla Deatherage

President, Woodhaven Golf Villas Homeowners Association
